Submit Rosters

Once the schedule has been entered in the LMS you can begin entering your rosters from the [Nationals page](#).

For teams with borrowed players scroll down to the borrowed players section and add those players. **Note** if you don't know a player's jumper number enter a placeholder, ie. 99 if you leave the field blank it will skew the list and the numbers for other players will not match up correctly.

6. **Pro Tip** - For your club's second and third matches, repeat steps 2-3. The roster from your first match will auto populate for the following matches.
